

2000KG BAG LIFTER

FJA-19-210

This slip-on bulk bag jib lifter is designed with 4 lifting hooks to handle standard bulk bags. The straps of bulk bags are fastened to the four hooks in either corner of the spreader frame preventing the bulk bag from folding in on itself or bunching up as the bag is emptied. Includes certification plates, manual & certificate, a safety chain to secure it to the fork carriage and four heavy duty swivel hooks.

Specifications;

- Safe Working Load 2000kg
- Pocket Size 165 x 65mm
- Pocket Centres 640mm
- Load Centre 700mm
- Unit Weight 75kg
- Hook Centres 900mm
- Safety Yellow Painted Finish
- Manufactured strictly in accordance with AS 2359.1
