

Container Ramp Angled

FCR-18-066

Our FCR-18-066 heavy duty angled container ramp is designed for forklift access into standard containers from ground level. Constructed with an anti-slip chequer plate deck and heavy 10mm support ribs beneath, they are built to last in a high use environment. The checkered tread plate decking provides grip in wet conditions. This ramp also has forklift pocket entry on the front as well as the sides.
