

Container Ramp Level Entry

FCR-18-068

Our FCR-18-068 level entry container ramp is designed for forklift access into standard containers from ground level. Constructed with an anti-slip chequer plate deck and heavy 10mm support ribs beneath, they are built to last in a high use environment. The chequered tread plate decking provides grip in wet conditions. The 3m ramp is great for highly packed loads, where the Forklift must be level to remove the product. This ramp also has forklift pocket entry on the front as well as the sides.

Specs

- >SWL of 8000kgs
- >Made from a chequer plate deck and 10mm support ribs on underside reduce bowing and distortion
- >Finished in safety yellow paint
- >Manufactured strictly in accordance with AS 2359
