Hydraulic Drum Rotator

FDH-18-617

This hydraulic drum rotator is heavy-duty 205-liter drum lifter with hydraulic grab and rotation ability. This unit is operated by a self-contained on-board battery which eliminates the need to connect the drum rotator to the forklift hydraulics. It is activated by a remote-control hand piece, so the forklift driver does not need to leave his seat during the entire operation. A battery charger is supplied with the system which plugs into a standard single-phase socket

Specs

>Working Load Limit (WLL) 1000kg
>Pocket size 185 x 65mm
>Pocket centres 874mm
>Load centre 1307.5mm
>Unit weight 180kg
>130 degree rotation
>Horizontal centre of gravity 700mm
>Manufactured strictly in accordance with AS 2359.1
