Product Code	Capacity (cubic/meter)	SWL (kg)	Pocket Size (mm)	Pocket Centres (mm)	Weight (kg)	Overall Size (W x H x L)
STWB-H600	0.35	350	140 x 65	367	65	730 x 847 x 924
STWB-H900	0.50	350	140 x 65	667	77	1030 x 847 x 924

HEAVY DUTY TIP-UP BINS

1,000KG

The heavy duty tip-up bins have been manufactured from 3mm plate and designed with fully reinforced edges. These bins are ideally suited to handle heavy waste including metal, timber and building site rubble. The release mechanism is activated by the forklift operator pulling the pull cord from the drivers seat. The custom built shock absorber prevents impact forces being transmitted to the forklift during emptying.

All type bins have a Safe Working Load of 1000kg and range in sizes from 0.7 to 2.0 cubic metre capacities. These bins are available in either enamel painted over primed steel or H.D galvanized finished.

Specifications;

- Pocket Size 165 x 65mm
- Pocket Centres 635mm
- Safe Working Load 1000kg
- HCG 800mm
- VCG 400mm
- Wheels, Crane Lugs & Lid Optional
- Drain Valve & Strainer Optional
- Hydraulic option available
